Monitoring Report #M08-007

Dear Chief Pesci:

On February 1, 2008, the Office of Homeland Security (OHS), Monitoring and Audits Unit, Program Monitor, James Lewis conducted a desk monitoring review for the purpose of monitoring the City of Bishop Police Department Critical Infrastructure Protection grant. I wish to thank you and your staff for the courtesy extended to Mr. Lewis during the review process. Enclosed, you will find the monitoring report for the following grants:

GRANT	PROGRAM NAME	PERIOD MONITORED
2003-0035 #027-06798	FY03 Part II Critical Infrastructural Protection (CIP)	03/17/03 - 04/16/03

The monitoring included a review of staffing needs, operational practices, source documentation, activities, and data reporting requirements. In addition, the monitor examined the grant for compliance with federal financial, administrative and auditing requirements, program guidelines, and other mandates as applicable. Finally, the monitor performed a selected review of accounting records that support the amounts claimed in your reimbursement requests. Project expenditures were validated to provide reasonable assurance that expenses are related to the grant, proper records are maintained, and expenditures are properly authorized and recorded.

As a reminder, the purpose of monitoring is to assist projects in the achievement of their goals and aiding them in administering their grant funds in the most effective and efficient manner. The monitoring is used as a tool to assist the subgrantee in complying with these requirements. Your OHS Program Representative will receive a copy of the monitoring report. Their name and phone number are identified on the face sheet of the report.

If the monitoring report does not identify any findings, a Corrective Action Plan is not necessary and the monitoring process is complete. **If any findings are identified in the monitoring report, you will have 120 days from the last day of the monitoring review to submit a Correction Action Plan to the Program Monitor.**

The corrective action process provides two options:

Option One – The subgrantee self certifies by the submission of an Action Plan that details the corrective steps implemented, and that any finding(s) noted in the monitoring report are resolved.

Option Two – Submission of an outlined Corrective Action Plan that addresses the findings noted in this report to be reviewed and approved by OHS program staff (i.e. technical assistance).

When corresponding to our office regarding this monitoring report, please include the monitoring control number on all correspondence. Send your response to:
